

Warm Up # 1

□ Copy the daily agenda into your agenda book.

Ryan's teacher gave him his grades in the form of a fraction. Help Ryan figure out his grades as percentages.

Test Scores (Fraction)	Test Scores (Percent)
$\frac{7}{8}$	
$\frac{4}{5}$	
$\frac{3}{4}$	
$\frac{9}{10}$	

Warm Up # 2

- Copy the daily agenda into your agenda book.
- List the order of operations.
- Simplify each problem below.

$$(2 + 1)^3 \div 3 + 2 \times 5$$

$$3(-3 + 8) \div 3 + 4^2$$

Warm Up # 3

Copy the daily agenda into your agenda book.

Write the sequence that follows the rule $\frac{n+1}{2}$, in which n represents the position of the term in the sequence.
